Re: Request for Reconsideration of  
Regulatory Fee  
Fee Control # 9809238835254003  
Fee Paid: \$800

Dear Mr. Adams:

This is in response to your request for reconsideration of the Fiscal Year (FY) 1998 Regulatory Fee for AM Radio Station KVSN, Tumwater, WA. You assert that the Commission erred in attributing service to a population of 75,313 people to KVSN, because Tumwater has a population of only about 12,000 people.

The FY 1998 regulatory fees for all radio stations were derived by calculating the populations within each station's city grade service contour. The city grade service contour generally extends beyond a licensee's city of license, and reaches into surrounding areas. Accordingly, absent engineering measurements indicating that the population estimates are in error, your request for reconsideration is denied.

If you have any questions concerning the regulatory fees, please call the Chief, Fee Section at (202) 418-1995.

Sincerely,

  
Mark Reger  
Chief Financial Officer

Managing Director  
Federal Communication Commission  
Room 852  
Washington, D.C. 20554

Managing Director:

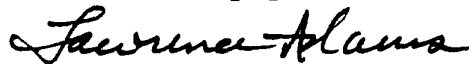

Greetings. I called about the population number used in our FY 1998 Mass Media Regulatory Fees and I was told to send you a letter.

We are a small station in a small community of 11,790 in Tumwater. I call our Chamber of Commerce to varify the population, they like to say the count is 12,000 because it sounds larger. In the report we received from the Commission it states 75,513 for the population which is an error.

I am requesting a reconsideration of the fee based on population not as stated on the FCC form.

Thank you.

Sincerely yours,

Lawrence Adams  
General Manager/Owner
